Friday

Lunch- Provided
Dinner at Mall of America

Saturday

Lunch- Provided

Transportation

Thursday

On own/carpooling

Friday

Bus to and from competition and MoA

Saturday

Bus to and from competition

If you are not going to or coming back with us, we NEED to know ahead of time, and you must find your own ride!!

Who is going when?

On Thursday, there will be three groups. The first group consists of Yoni, Luke, and Bryan. They will be uncrating the robot, and beginning to set up the pit.

Then, Callie, Durgin, Mittens, Matt, Duaa, and the mentors will arrive.

Finally, after school is over, the rest of the team may come if they find their own rides. Please note, however, that this will be short, as Thursday's events end around 5.

Friday and Saturday everyone will be there the whole day.

Other

Cost: The competition itself is free to everyone (spectators included). The team's funding is covering food and transportation Friday and Saturday. However, for Nickelodeon Universe (Camp Snoopy), each member is asked to pay \$13. This covers an unlimited ride wristband for 7:00 to 10:00. Please note that you also need money for dinner on Friday. A total of around \$20 should cover you for the weekend, unless you are planning on buying snacks, or other goodies. Please bring the \$13 to the meeting on the 14th of March.

What if we don't make finals?

If we don't get into finals, then we will still stay all day Saturday to watch the competition, and support our fellow robotics teams.

Team Tshirts: We will be getting tshirts the week before the competition. Everyone will wear them ALL THREE DAYS of the competition. It isn't a bad idea (hint hint) to wash them at least once between days. Wear them at school on Thursday if you are in school. Additionally, safety goggles must be worn at all times in the pits. NO EXCEPTIONS.

Nickelodeon Universe:

This is a team social. We highly encourage everyone to come. If you aren't coming, you will need your own transportation home. While we're there, try and meet people from other teams, make some friends, and have fun. That's what we are doing it for.
